Dear Parents,

We have received information from the EA regarding details in relation to the placement letters being issued for Pre-school and Primary one in September.

Given the uncertainty of the current situation EA will be issuing letters to parents/guardians on behalf of schools/playgroups to advise on the outcome of their child's pre-school primary one application for receipt on Wednesday 29th April 2020.

As it is possible that due to Covid -19 some post may take longer to deliver than usual, the Citizen Portal will be accessible via the EA website on Wednesday 29th April. Guidance on how to log on and access the E A website can be found on www.eani.org.uk. Please note this information will not be available before 29th April.

Parents/guardians who had applied online in January 2020 can log in and obtain information relating to your child's pre-school/primary one application.

St. Joseph and St. James' P.S will also issue a letter to the parents of our P1 children. We ask that you please return the reply slip and data collection form either by post or email with the information required to lmorrow846@c2kni.net.

Please do not hesitate to contact me by telephone or email on cwadsworth679@c2kni.net if you require any further clarification.

Thank you

C. Wadsworth
