Hello Everyone,

Please find below exciting news that has taken place regarding the future of our new school build.

We are very pleased to announce the appointment of a new Integrated Consultancy Team (ICT), Mc Adam Design in April 2020 to take us forward with our major capital investment for St. Joseph and St. James' P.S. This was assigned in 2013 by the then Education Minister Mr J. O'Dowd.

The ICT will initially focus on producing a technical feasibility study, which in turn will inform a new business case for the new development of St. Joseph and St. James' P.S. Once the business case is approved and a preferred option identified, the ICT will commence the next design stage (RIBA Stage 2 – Concept Design) A steering group, comprising members of staff, the Principal, Board of Governors, the Education Authority, the Council for Catholic Maintained Schools and the Department of Education meet monthly and when necessary to drive the project forward.
