

12/01/21

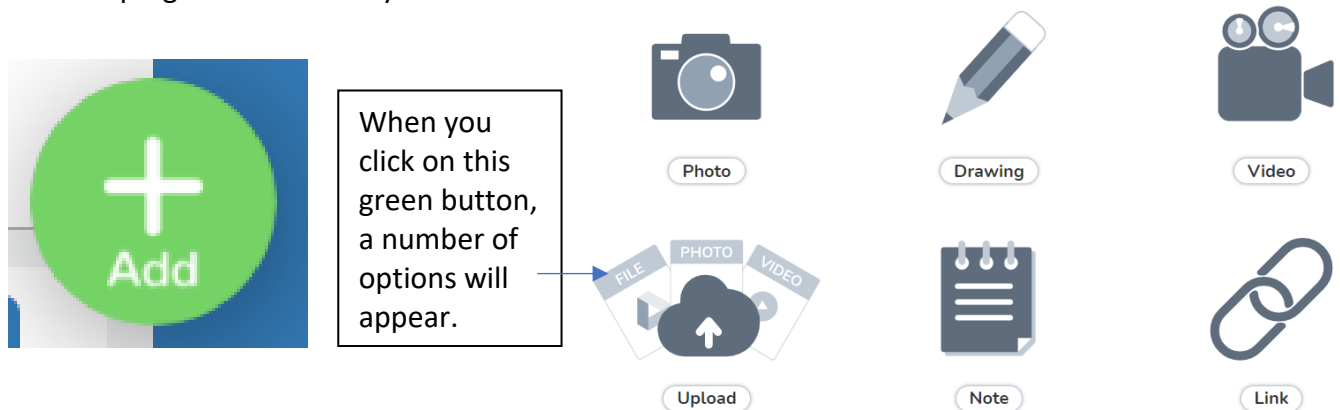

Dear Parents,

Anyone who has requested a QR code should now have received a message on Seesaw containing this.

Seesaw Class App

Can I take this opportunity to remind you that your child should log in to the **Seesaw Class App** to complete their work and upload it to their class journal for their teacher to view.

To upload work, you must click on the green add symbol, as shown below. This can be found at the top right-hand side of your screen.

You can take a photo/video here OR you can upload a photo/video that has already been saved on your device.

Seesaw Family App

I would suggest that you are logged in to the **Seesaw Family App** on your own device (mobile phone) and that you use a separate device, where possible (laptop/ipad/tablet), to log in to the Seesaw Class App.

The purpose of the Seesaw Family App is for you, as parents, to receive messages/send replies to the class teacher. When you have downloaded the app on to your phone you will receive a notification, as soon as it is posted.

St Joseph & St James's Primary School, Poyntzpass

The Seesaw Class App is primarily for your child. This is where they should complete the activities set for them by their class teacher and upload pieces of work.

I hope this information clarifies any confusion you may have regarding the Seesaw apps.

Kind regards,

C.Wadsworth and M. Doherty
